DETAILED ACTION

Allowable Subject Matter

1. Claims 1-16, 19, 20 renumbered as 1-18 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not disclose or make obvious selecting a program for constructing a call graph representation including propagating sets of types between directly called methods, virtually called methods and any field read and written in the body of each method, including all the limitations recited in claims 1, 8, 10.

Claims 2-7, 9, 11-16, 19, 20 being further limiting and definite are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Odnert et al (US 5,428,793) teach compiling computer programs with interprocedural register allocation.

Cheng et al (US 2002/0010911) teach what when and where to propagate.

Bobick et al (US 2003/0172135) teach packaging assets for processing and distribution on multi-tiered networks.

Carini et al (US 5,671,419) teach constant propagation.

Application/Control Number: 09/823,060

Art Unit: 2163

Sweeney et al (US 6,546,551) teach extracting library-based object-oriented

applications.

3. Any inquiry concerning this communication or earlier communications from the

examiner should be directed to Uyen T. Le whose telephone number is 571-272-4021.

The examiner can normally be reached on M-F 7:00-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's

Page 3

supervisor, Safet Metjahic can be reached on 571-272-4023. The fax phone number for

the organization where this application or proceeding is assigned is 703-872-9306.

4. Information regarding the status of an application may be obtained from the

Patent Application Information Retrieval (PAIR) system. Status information for

published applications may be obtained from either Private PAIR or Public PAIR.

Status information for unpublished applications is available through Private PAIR only.

For more information about the PAIR system, see http://pair-direct.uspto.gov. Should

you have questions on access to the Private PAIR system, contact the Electronic

Business Center (EBC) at 866-217-9197 (toll-free).
